7-2-2729. Tax liability of property within abandoned county for debts of continuing county. (1) Whenever a county is abandoned and abolished and its territory is attached to and made a part of an adjoining county under the provisions of this part, none of the property situated within the boundaries of such abandoned and abolished county shall be subjected to taxation or taxed for the payment of any indebtedness of such adjoining county which may exist at the time such territory is attached to and made a part of such adjoining county.

(2) If an adjoining county to which the territory of an abandoned and abolished county is attached and made a part shall have outstanding and unpaid bonds at the time such territory is attached to and made a part of such county, such bonds shall be the indebtedness of such adjoining county. None of the property situated within the territory of the abandoned county shall be subjected to any taxes to pay the principal or interest of such bonds, but such taxes shall be levied only against the property within the boundaries of such adjoining county as the same existed before the territory of the abandoned and abolished county was attached to and made a part thereof.

(1) After all warrants have been drawn and issued against the funds of such adjoining county to pay the claims and demands existing against such county on the date when the territory of such abandoned and abolished county was attached to such adjoining county, all money in the funds of such adjoining county shall be used and applied in payment of the warrants drawn against its respective funds. If such money is not sufficient to pay all of such warrants, with the interest thereon, then the board of county commissioners shall make an order creating a special warrant district and shall include within such district all of the territory of such adjoining county but shall not include therein any of the territory of such abandoned and abolished county and shall, thereafter and at the time of making levies for county purposes, levy a special tax against all taxable property in such district to pay the warrants, with interest thereon, outstanding against the funds of said county. The board may in its discretion extend such tax levy over a period of not to exceed 3 years.

(2) (a) If it shall appear to the board that it will require too large a tax levy to pay such warrant indebtedness, with interest thereon, within 3 years, such board, instead of creating a special warrant district, shall create and establish a special funding bond district and shall include within the boundaries thereof all of the territory within such adjoining county but shall not include

therein any of the territory of the abandoned and abolished county attached to such adjoining county. After all money in the several funds of said county applicable thereto has been applied in payment of such outstanding warrants and interest thereon and without submitting the question of doing so to an election, such board may issue bonds in an amount sufficient to pay and redeem all such warrants remaining outstanding, with interest thereon.

(b) Such bonds shall be issued in the name of said adjoining county and shall contain recitals to the effect that the principal and interest thereof will be paid by millage tax levies against the property situated within the boundaries of said county as the same existed before the territory of such abandoned and abolished county was attached thereto and that none of the property within the territory of such abandoned and abolished county will be subjected to such levies. Except as otherwise provided herein, said bonds shall be issued and sold and tax levies shall be fixed and made to pay the principal and interest thereof as the same becomes due in the manner provided by 7-7-107, 7-7-108, 7-7-123, 7-7-124, 7-7-2104, 7-7-2106, and parts 22 and 23 of chapter 7 and all the provisions thereof, so far as applicable thereto, shall apply to such bonds.

Except as provided in subsection (2), all such claims and demands shall be acted on by the board of such county, and warrants shall be issued in payment thereof in the same manner as though the same had been incurred by such county.

(2) All such warrants shall be drawn and issued against the proper funds of such abandoned and abolished county. (1) All money in each of the funds of an abandoned and abolished county shall be transferred to and paid over by the treasurer thereof to the treasurer of the county designated in the petition for abandonment as the county to which its territory is to be attached and become a part and shall be kept and maintained by such treasurer in separate funds in the name of such abandoned and abolished county and, except as provided in subsection (2), used and applied for paying warrants issued against such funds by the abandoned and abolished county prior to the time it ceased to exist and for paying warrants issued against such fund by the board of county commissioners of the county to which it is attached and becomes a part under the provisions of 7-2-2724 and 7-2-2741 and the interest on such warrants.

(2) Money in any bond sinking and interest funds of such abandoned and abolished county shall be used and applied for the sole purpose of paying the interest and principal becoming due on unpaid and outstanding bonds of such county.

Taxes levied for all such funds which were delinquent on the day when such county ceased to exist and for which tax sales had not been held and all licenses and other money owing to such county at such time shall be collected by the treasurer of the county designated in the petition for abandonment as the county to which its territory is to be attached and become a part and placed in and deposited to the credit of the funds of such abandoned and abolished county to which the same properly belong.

(1) When all warrants issued and outstanding against any fund of an abandoned and abolished county, with the interest thereon, have been fully paid, any balance standing to the credit of such fund shall be transferred to any other fund or funds of such county in which there is not sufficient money to pay the warrants issued and outstanding against the same, with interest thereon.

(2) If, after payment of all warrants issued against all such funds, balances remain in any thereof, the same shall be transferred to and become a part of the bond sinking and interest funds of such abandoned county.

History: **En. Sec. 16, Ch. 105, L. 1937; R.C.M. 1947, 16-4016(part).**

(1) After all warrants have been drawn and issued against the funds of an abandoned and abolished county under the provisions of 7-2-2724 and 7-2-2741, if it shall appear to the satisfaction of the board of county commissioners of the county designated in the petition for abandonment as the county to which the territory of the abandoned and abolished county is to be attached and made a part that the money in the several funds of such abandoned and abolished county, together with all money which may be received for such funds from the payment and collection of delinquent taxes, unpaid licenses, and other sources owing to such abandoned and abolished county, will be insufficient to pay all outstanding and unpaid warrants issued and drawn against such funds, then the board of such county shall make an order creating a special warrant district and shall include within such district all of the territory embraced within the boundaries of the abandoned and abolished county at the time it ceased to exist.

(2) If it shall appear to the satisfaction of the board that a tax levy sufficient to pay such warrants and interest, when spread over a term of 3 years, will be too great a hardship on and too burdensome to the taxpayers owning property within the boundaries of such abandoned and abolished county, said board, instead of creating such special warrant district, shall create and establish a special funding bond district and shall include within the boundaries thereof

all of the territory embraced within the boundaries of such abandoned and abolished district at the time it ceased to exist.

History: **En. Sec. 16, Ch. 105, L. 1937; R.C.M. 1947, 16-4016(part).**

7-2-2746. Details relating to special warrant district. (1) The board of county commissioners creating a special warrant district shall, thereafter and at the time of making and fixing tax levies for county purposes, make and fix a levy against all taxable property within such special warrant district for the payment of said warrants and the interest thereon. The proceeds of such levy, when collected, shall be deposited by the county treasurer in a separate fund which shall be used for the payment of said warrants and interest and for no other purpose.

(2) Said tax levy need not be made at such a rate as will pay all of said warrants, with interest, in 1 year, but if said board shall deem it for the best interests of the taxpayers owning property within such special warrant district, such levy may be spread over a term of not more than 3 years.

History: **En. Sec. 16, Ch. 105, L. 1937; R.C.M. 1947, 16-4016(part).**

The board of trustees shall adopt an appropriate seal for such district.

(2) (a) After such district has been created and established, the board of trustees shall direct the county treasurer to use and apply all money in the several funds of the abandoned and abolished county, except money in any bond sinking and interest funds, to the payment of warrants issued and outstanding against such funds, with the interest thereon. Said board of trustees shall thereupon issue and sell bonds of such special funding bond district in an amount sufficient to pay all warrants against such funds remaining outstanding and unpaid, with the interest thereon. The proceeds derived from the sale of such bonds shall be used for such purpose and no other.

(1) Bonds issued under 7-2-2747 shall not be issued for a longer period than 10 years and shall be issued without submitting the question of doing so to any election. Such bonds shall be issued in the name of such district and shall be signed by the trustees. The clerk shall attest the same and affix the seal of the district thereof, and they shall be registered in the office of the county treasurer, who shall certify such registration on such bonds. 7-2-2749. Payment of outstanding bonds of abandoned county. (1) If any abandoned and abolished county shall have any bonds outstanding and unpaid at the time it ceases to exist, the territory within the boundaries of such county as they existed when such county so ceased to exist shall constitute a special district for the payment thereof. The board of county commissioners of the county designated in the petition for abandonment as the county to which the territory of such county is to be attached and made a part shall annually levy a tax against all taxable property in such taxing district sufficient to pay the interest and principal of such bonds as the same become due, and all of the provisions of 7-7-107, 7-7-108, 7-7-123, 7-7-124, 7-7-2104, 7-7-2106, and parts 22 and 23 of chapter 7 shall apply to, govern, and control the levying and collection of such taxes and the payment of interest and principal thereof by the boards and officers of the county within which such district is situated.

(2) (a) The county clerk of each such other county shall compute and extend the taxes against the property within the portion of the abandoned county which has been attached to his county, and the treasurer of such county shall collect the same at the same time and in the same manner that other taxes are collected by said county treasurer.

(b) Each such treasurer shall, at least twice each year, once during the second week in December and once during the second week in June, transmit the amount of all such taxes paid to and collected by him and then in his hands as county treasurer to the treasurer of the county in which the board made such tax levy.

It is intended by the provisions of this part that no part of the indebtedness of an abandoned and abolished county shall be assumed by, become an obligation of, or be paid by a county to which the territory of the abandoned and abolished county is attached and made a part, but that all money in all funds of an abandoned and abolished county at the time it ceases to exist and all money thereafter received by such funds from the payment of delinquent taxes and unpaid licenses and from all other sources owing to such county at the time it ceased to exist and all money received from the rental or sale of the property owned by such county shall be used for the payment of its indebtedness existing at the time it ceased to exist and the cost and expense of attaching its territory to and making it a part of any adjoining county. Part 47

Annexation With the Provision of Services

7-2-4701. Short title. This part shall be entitled "The Planned Community Development Act of 1973".

History: **En. 11-514 by Sec. 1, Ch. 364, L. 1974; R.C.M. 1947, 11-514.**

7-2-4702. Findings. (1) It is declared as a matter of state policy that current annexation laws and planning methods incorporated in the Montana system are in many cases discriminatory and are in many of the Montana cities causing indiscriminate growth patterns and in many cases forcing citizens of municipalities to be annexed without provision for adequate city services extended and provided for them.

(2) Likewise, in many cities city government is annexing and adding to cities not to the benefit of those being annexed, but to the benefit of the city, merely to derive a greater tax base.

(3) Likewise, in many cities there are those lying on the perimeter of the city not within the corporate boundaries of a city that are deriving many benefits from the city without paying their just and equal share for these services.

History: **En. 11-515 by Sec. 2, Ch. 364, L. 1974; R.C.M. 1947, 11-515(part).**

7-2-4703. Purpose. It is the purpose of this part to develop a just and equitable system of adding to and increasing city boundaries for the state of Montana, which will develop the following firm policies:

(1) Sound urban development is essential to the continued economic development of this state, and any annexation prepared must be well planned in advance.

(2) Municipalities are created to provide the governmental services essential for sound urban development and for the protection of health, safety, and welfare in areas being intensively used for residential, commercial, industrial, institutional, and governmental purposes or in areas undergoing such development, and future annexations must consider these principles.

(3) Municipal boundaries should be extended in accordance with legislative standards applicable throughout the state to include such areas and to

provide the high quality of governmental services needed for the public health, safety, and welfare.

(4) Areas annexed to municipalities in accordance with such uniform legislative standards should receive the services provided by the annexing municipality as soon as possible following annexation.

History: **En. 11-515 by Sec. 2, Ch. 364, L. 1974; R.C.M. 1947, 11-515(part).**

7-2-4704. Definitions. The following terms when used in this part have the following meanings except when the context clearly indicates a different meaning:

(1) "Contiguous" means any area that, at the time annexation procedures are initiated, either abuts directly on the municipal boundary or is separated from the municipal boundary by a street or street right-of-way, a creek or river, the right-of-way of a railroad or other public service corporation, lands owned by the city or some other political subdivision, or lands owned by the state.

(2) "Municipality" means any incorporated city or town.

(3) "Real property owner" means a person who holds an estate of life or inheritance in real property or who is the purchaser of an estate of life or inheritance in real property under a contract for deed, some memorandum of which has been filed in the office of the county clerk.

History: **En. 11-516 by Sec. 3, Ch. 364, L. 1974; R.C.M. 1947, 11-516; amd. Sec. 13, Ch. 66, L. 1995.**

(a) upon a proper showing to the public service commission that the existing carrier is unable or refuses to provide adequate service to the annexed or incorporated area; or

(b) after the expiration of 5 years, if a majority of the residents of the annexed or incorporated area sign a petition requesting the municipality to provide the service.

(2) If a proper showing is made that the existing carrier is unable or refuses to provide adequate service to the annexed or incorporated area or, after the expiration of 5 years, if a majority of the residents sign a petition requesting service from the municipality, the municipality may provide garbage and solid waste disposal service to the entire annexed or incorporated area.

(3) For the purposes of determining whether an existing motor carrier provides adequate service, those services provided by the carrier prior to annexation are considered adequate services.

(2) Parts 1 through 7 establish the alternative forms of government for cities, towns, counties, and consolidated governments. These parts shall be liberally construed to facilitate the adoption of a form of local government.

If the committee of petitioners requires the submission of a proposed ordinance to a vote of the electors, the committee shall certify that fact to the clerk and file in the clerk's office a certified copy of the ordinance, in the form in which it is to be submitted, within 10 days after final action on the ordinance by the commission.

(2) The director of finance shall examine all payrolls, bills, and other claims and demands against the municipality and shall issue no warrant for payment unless he finds that the claim is in proper form, correctly computed, and duly approved; that it is legally due and payable; and that an appropriation has been made therefor which has not been exhausted. He may investigate any claimant and for that purpose may summon before him any officer, agent, or employee of the municipality or any claimant or other person and examine him upon oath or affirmation relative thereto. If he finds a claim to be fraudulent, erroneous, or otherwise invalid or that the appropriation out of which such claim is payable has been exhausted, he shall not issue a warrant therefor. The certificate of the director of finance shall be filed and made a matter of record in his office, and the appropriation for such purpose shall thereafter be considered as having been set aside and expended to the amount of such contract, agreement, or obligation.

(2) All contracts, agreements, or other obligations entered into, all ordinances and resolutions passed, and all orders adopted contrary to the provisions of subsection (1) shall be void, and no person whatever shall have any claim or demand against the municipality thereunder, nor shall the commission or any officer of the municipality waive or qualify the limitations fixed by subsection (1) or fasten upon the municipality any liability whatever in excess thereof.

Any such bonds of a depository shall be in the aggregate equal to the amount designated by the commission as the maximum of municipal funds which may at any time be kept by such depository. All surety bonds given by a bank in accordance with the provisions of this subsection shall continue in force so long as funds of the municipality deposited therein shall be unpaid. Nothing provided herein shall impair the rights and remedies of the municipality on such bonds under the laws of the state.

(2) In lieu of the surety bonds specified in subsection (1), any bank designated as a depository of municipal funds may deposit with the treasurer bonds of the class and kind in which, by the provisions of 7-3-1322, the sinking fund of the municipality may be invested. Bonds so deposited shall be in an amount equal to the amount of municipal funds permitted at any time to be deposited with such bank, shall be approved by the commission, and shall be accompanied by proper assignment, to the end that the bank so depositing and assigning such bonds will safely keep and pay over to the treasurer or his order, on demand and free of exchange, all money at any time deposited therein with interest thereon at the rate agreed upon and that in case of default on the part of such bank, the commission shall have power and authority to sell such bonds or so much thereof as may be necessary to realize the full amount of the funds deposited therein. The bank shall be entitled to interest on the securities so deposited with the treasurer, when paid, and to the return of the securities at the termination of such trust so long as the bank is not in default. With the approval of the commission, a bank may at any time substitute other like securities of equal value for those so deposited.

(3) Bonds and other securities given by banks in accordance with this part shall be entered in a record to be kept for that purpose by the director of finance and deposited with the treasurer for safekeeping. The record of such bonds and securities kept by the director of finance or copies thereof certified by that officer shall be competent and prima facie evidence of the contents and tenor thereof.

If any bank shall fail promptly to execute and present such new bonds or deposit such new securities, the treasurer shall at once withdraw all deposits therefrom, and no further deposit of municipal funds shall be made therein until such bank shall have been redesignated by the commission as a depository.

(2) Banks designated as depositories shall pay interest on daily balances of municipal funds at a rate approved by the commission, which shall in no case be less than 2 1/2%. The interest due on such deposits shall be paid to the treasurer by check on the last day of each quarter of the fiscal year. If the treasurer shall at any time receive or have in any bank funds which will probably remain on deposit 3 months or longer, he may, with the approval of the commission, either take therefor certificates of deposit from a designated depository, payable to his order on demand and bearing a higher rate of interest, or invest such funds in any bonds maturing within 6 months in which the sinking fund of the municipality may be invested. The treasurer shall make a monthly statement to the director of finance of the municipal funds in each bank and the interest received therein, as of the last day of each month.

(3) No bank receiving funds of the municipality on deposit shall have authority to pay out any such money except upon checks drawn upon that bank signed by the treasurer.

The order of the commission vacating or narrowing a street or alley which has been dedicated to public use by the proprietor, to the extent that it is vacated or narrowed, operates as a revocation of the acceptance thereof by the commission, but the right-of-way and easement therein of any lot owner is not impaired thereby.

The additional salary amount provided for in this subsection may not be included in the base salary for purposes of computing the compensation for undersheriffs and deputy sheriffs as provided in 7-4-2508.

(3) (a) In each county with a population in excess of 30,000, the county attorney must be a full-time official under 7-4-2704, and the salary is $50,000 per year. In counties with a population less than 30,000, the county attorney who is a part-time official for a county of the first, second, or third class is entitled to receive an annual salary equal to 60% of the annual salary of a full-time county attorney. A county attorney who is a part-time official for a county of the fourth, fifth, sixth, or seventh class is entitled to receive an annual salary equal to 50% of the annual salary of a full-time county attorney.

(b) In those counties where the office of the county attorney has been established as a full-time position pursuant to 7-4-2706, the salary of the county attorney is the same as that established for full-time county attorneys in subsection (3)(a).

(c) On August 1 of each year, each county attorney is entitled to an increase in salary calculated by adding to the annual salary a percentage of up to 100% of the previous calendar year's consumer price index for all urban consumers, U.S. department of labor, bureau of labor statistics, or other index that the bureau of business and economic research of the university of Montana may in the future recognize as the successor to that index. However, the county commissioners may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in 7-4-2504(1), set the salary at the prior fiscal year level if that level is lower than the level required by this subsection (3)(c). The cost-of-living increment for each fiscal year must be added to all cost-of-living increments granted for previous years unless salaries were set for the fiscal year at the level of salaries received in the prior fiscal year. Unless restored pursuant to 7-4-2504(2), a cost-of-living increment that would have been received for the fiscal year, computed on the prior fiscal year, may not be added to previous increments.

(d) (i) After completing 4 years of service as deputy county attorney, each deputy county attorney is entitled to an increase in salary of $1,000 on the anniversary date of employment as deputy county attorney. After completing 5 years of service as deputy county attorney, each deputy county attorney is entitled to an additional increase in salary of $1,500 on the anniversary date of employment. After completing 6 years of service as deputy county attorney and for each year of service thereafter up to completion of the 11th year of service, each deputy county attorney is entitled to an additional annual increase in salary of $500.

(ii) The years of service as a deputy county attorney accumulated prior to July 1, 1985, must be included in the calculation of the longevity increase, but, unless longevity increases are restored pursuant to 7-4-2504(2), the years of service during a year in which the salary was set at the level of the salary of the prior fiscal year may not be included in a calculation of longevity increases.

(4) The latest federal decennial census statistics are the basis for computation of population increments under this section. During the intervening 9 years, the computation of population increments applicable on July 1 of each year is based on the most current calendar year's estimates of counties' populations compiled by the federal-state cooperative program for estimates of the university of Montana bureau of business and economic research and the U.S. bureau of the census or other estimate that the bureau of business and economic research may certify.

(1) The county governing body shall by resolution on or before August 1 of each year adjust and uniformly fix the salaries of the county treasurer, county clerk, county assessor, county school superintendent, county sheriff, clerk of district court, county auditor (if there is one), and county surveyor (if the surveyor receives a salary). The salaries fixed may be no less than 80% of the annual base salary provided for in 7-4-2503(1) plus a cost-of-living increment based on a percentage of up to 100% of the previous calendar year's consumer price index for all urban consumers, U.S. department of labor, bureau of labor statistics, or other index that the bureau of business and economic research of the university of Montana may in the future recognize as the successor to that index. The county governing body may, however, for all or the remainder of each fiscal year, in conjunction with setting salaries for the same action on the salaries of justices of the peace (if applicable), the county governing body, the county attorney, and the coroner, set the salary at the prior fiscal year level if that level is lower than the level required by this subsection. The cost-of-living increment for each fiscal year must be added to all cost-of-living increments granted for previous years unless salaries were set for the fiscal year at the level of salaries received in the prior fiscal year. In such a case, the cost-of-living increment that would have been received for the fiscal year, computed on the prior fiscal year, may not be added to previous increments.

(2) The county governing body may, in any subsequent fiscal year, restore for 1 or more years the annual cost-of-living increments withheld pursuant to subsection (1). If cost-of-living increments are restored, the longevity increases provided for sheriffs in 7-4-2503, for deputy county attorneys in 7-4-2503(3)(d)(i), and for undersheriffs and deputy sheriffs in 7-4-2510 must also be restored for the years for which the cost-of-living increment was restored.

(3) The county governing body shall by resolution, prior to August 1 of each year, establish the salary of the coroner and may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in subsection (1), set the salary at the prior fiscal year level. The salary must be in effect on the first day of each ensuing fiscal year.

(2) The board shall then determine separately the amount appropriated for and authorized to be spent for each item in the budget and shall specify the fund or funds against which warrants are to be drawn and issued for each item in the budget and shall specify the fund or funds against which warrants are to be drawn for the expenditures authorized. There may not be added to the amount to be appropriated and authorized to be spent for an item or to the total amount appropriated and authorized to be spent from any fund any amount or percentage because of anticipated loss of revenue by reason of the nonpayment of taxes levied for that fiscal year. 7-6-2319. Determination of fund requirements to be met by tax levy — exception. (1) Following the determinations required by 7-6-2318, the board shall determine the amount to be raised by tax levy for each fund by adding the cash balance in the fund at the close of the preceding fiscal year and the amount of the estimated revenue to accrue to the fund during the current fiscal year. It shall then deduct the total amount obtained from the total amount of the appropriations and authorized expenditures from the fund as determined by the board. The amount remaining is the amount necessary to be raised for the fund by tax levy during the current fiscal year.

(2) The board may add to the amount necessary to be raised for any fund by tax levy during the current fiscal year an additional amount as a reserve to meet expenditures to be made from the fund during the months of July to November of the next fiscal year. The amount that may be added to any fund as the reserve may not exceed one-third of the total amount appropriated and authorized to be spent from the fund during the current fiscal year, after deducting from the amount of the appropriations and authorized expenditures the total amount appropriated and authorized to be spent for election expenses and payment of emergency warrants.

(3) The total amount to be raised by tax levy for any fund during the current fiscal year, including the amount of the reserve and any amount for payment of election expenses and emergency warrants, may not exceed the total amount which may be raised for the fund by a tax levy which does not exceed the maximum levy permitted by law to be made for the fund.

1995 Amendment: Chapter 430 inserted (3) providing exception from hearing requirement for municipality that has adopted alternative accounting method provided in Title 7, chapter 6, part 6; and made minor changes in style. Amendment effective April 13, 1995.

7-6-4229. Determination of projected fund cash flow following hearing — exception. (1) Upon the conclusion of the hearing, the council shall first determine the amount estimated to accrue to each fund during the fiscal year from all sources except the taxation of property. In so doing, the council may not include any amount anticipated from the payment of taxes that became delinquent during a preceding fiscal year.

(2) The council shall then determine separately the amount appropriated for and authorized to be spent for each item in the budget and shall specify the fund against which warrants are to be drawn for the expenditures. There may not be added to the amount appropriated and authorized to be spent for an item or purpose or to the total amount appropriated and authorized to be spent from any fund, other than a fund for the payment of principal or interest on outstanding bonds, any amount because of anticipated loss of revenue by reason of nonpayment of taxes levied for the fiscal year. The expenditures authorized from a fund, including reserve, may not exceed the aggregate of:

(a) the cash balance in the fund at the close of the preceding fiscal year in excess of outstanding unpaid warrants against the fund at the close of that fiscal year;

(b) the amount of estimated revenue to accrue to the fund; and

(c) the amount that may be raised for the fund by a lawful tax levy during the fiscal year.

7-6-4230. Determination of fund requirements to be met by tax levy — exception. (1) Following the determinations required by 7-6-4229, the council shall determine the amount to be raised for each fund for which a tax levy is to be made by adding the cash balance in excess of outstanding unpaid warrants at the close of the preceding fiscal year and the amount of the estimated revenues, if any, to accrue to the fund during the current fiscal year. It shall then deduct the total amount so obtained from the total amount of the appropriations and authorized expenditures from the fund as determined by the council in the budget adopted and approved. The amount remaining is the amount necessary to be raised for any fund by tax levy during the current fiscal year.

(2) The council may add to the amount necessary to be raised for any fund by tax levy during the current fiscal year an additional amount as a reserve to meet expenditures to be made from the fund during the months of July to November of the next fiscal year. The amount added to any fund as a reserve may not exceed one-third of the total amount appropriated and authorized to be spent from the fund during the current fiscal year, after deducting from the amount of the appropriations and authorized expenditures the total amount

appropriated and authorized to be spent for election expenses and payment of emergency and other outstanding warrants.

(3) The total amount to be raised by tax levy for any fund during the current fiscal year, including the amount of the reserve, may not exceed the total amount that may be raised for the fund by a tax levy that does not exceed the maximum levy permitted by law to be made for the fund.

(a) the total amount appropriated and authorized to be spent from each fund;

(b) the cash balance in excess of outstanding unpaid warrants at the close of the preceding fiscal year;

(c) the amount estimated to accrue to the fund from sources other than taxation;

(d) the reserve for the next fiscal year; and

(e) the amount necessary to be raised for each fund by tax levy during the current fiscal year.

(2) The council shall then by resolution approve and adopt the budget as finally determined, and the clerk shall enter the resolution at length in the official minutes of the council. The clerk shall keep a copy of the budget with the resolution in the official records of the municipality.

(3) (a) Subject to compliance with the procedures set forth in subsection (4), the council may approve and adopt a resolution amending a final budget when:

(i) shortfalls in anticipated and budgeted revenues occur that, unless reductions in appropriations are made, will result in expenditures for the year exceeding actual revenue and cash balances available; or

(ii) savings result from unanticipated adjustments in projected expenditures.

(b) Amended appropriations must be classified as:

(i) salaries and wages;

(ii) maintenance and operation;

(iii) capital outlay;

(iv) interest and debt redemption; or

(v) miscellaneous.

(4) Prior to amending a final budget, the council shall:

(a) hold a public hearing on the proposed amendments at least 7 days prior to a vote on the resolution amending the budget; and

7-6-4232. Fixing of tax levy — exception. (1) On or before the second Monday in August and after the approval and adoption of the final budget, the council shall fix the tax levy for each fund at a rate, not exceeding limits prescribed by law, that will raise the amount set out in the budget as the amount necessary to be raised by tax levy for that fund during the current fiscal year. The taxable valuation of the city for the current fiscal year must be the basis for determining the amount of the tax levy for each fund, and each tax levy must be at a rate not higher than is required on that basis, without including any amount for anticipated tax delinquency, to raise the amount set out in the budget.

(2) If the council considers that a levy made for a bond sinking or interest fund will not provide a sufficient amount to pay all bond principal and interest becoming due during the current fiscal year or within 6 months after the current fiscal year because of anticipated tax delinquency, the council may fix the levy at a rate it considers necessary to raise the amount for making the payments of principal and interest over and above the anticipated tax delinquency.

7-6-4255. Use of emergency warrants. (1) All emergency expenditures must be made by the issuance of emergency warrants drawn against the fund or funds properly chargeable with the expenditures. The city treasurer is authorized and directed to pay the emergency warrants with any money in the fund or funds available for that purpose. If at any time there is insufficient money available in the fund or funds to pay the warrants, then the warrants must be registered, must bear interest, and must be called for payment in the manner provided by law for other city warrants.

(2) The clerk shall include in the annual tabulation to be submitted to the council the total amount of emergency warrants issued during the preceding fiscal year. Subject to the provisions of subsection (3), the council shall, in the

tax levies, include a levy for each fund sufficient to raise an amount equal to the total amount of any emergency warrants remaining unpaid at the close of the preceding fiscal year because of insufficient money in the fund to pay the warrants.

(3) (a) A levy may not be made for any fund in excess of the levy authorized by law to be made for the fund.

(b) The council may submit the question of funding the emergency warrants at an election as provided by law. If possible, the election must be held in conjunction with a regular or primary election. If at the election the issuing of funding bonds is authorized, it is not necessary for any levy to be made for the purpose of paying the emergency warrants.

7-7-109. Definitions — sale of notes in anticipation of federal or state revenue or issuance of bonds. (1) As used in this section, the following definitions apply:

(a) "Bonds" means bonds, notes, warrants, debentures, certificates of indebtedness, and all instruments or obligations evidencing or representing indebtedness, or evidencing or representing the borrowing of money, or evidencing or representing a charge, lien, or encumbrance on specific revenue, special assessments, income, or property of a political subdivision, including all instruments or obligations payable from a special fund.

(b) "Governing body" means the board, council, commission, or other body charged with the general control of the issuance of bonds of a political subdivision.

(c) (i) "Political subdivision" means a county, city, town, school district, irrigation district, rural special improvement district, special improvement district, county water or sewer district, or any other political subdivision of the state.

(ii) The term does not include the state or any board, agency, or commission of the state.

(2) When all conditions exist precedent to the offering for sale of bonds of a political subdivision in any amount and for any purpose authorized by law and the political subdivision has applied for and received a commitment for a grant or loan of state or federal funds or has received a commitment from a person or entity to purchase bonds to aid in payment of costs incurred or to be incurred for the authorized purpose, its governing body may by resolution issue and sell notes in anticipation of the receipt of the grant, loan, or bonds in an amount not exceeding the total amount of bonds authorized and maturing within not more than 3 years from the date on which the notes are issued. The outstanding term of the notes issued under this section may not reduce the term of the bonds otherwise permitted by law. Before the notes are issued, the political subdivision must receive a written commitment for a grant, loan, or bond purchase in an amount that is not less than the principal amount of the notes and shall by resolution agree to fulfill any conditions of the commitment.

(3) The proceeds of the grant, loan, or bonds, when received, must be credited to the debt service fund for the notes as may be needed for their payment, with interest, when due.

(4) Any amount of the notes that cannot be paid at maturity from the proceeds of the grant, loan, or bond sale or from any other funds appropriated by the governing body for the purpose must be paid from the proceeds of bonds to be issued and sold before the maturity date, or if sufficient funds are not available for payment in full of the notes at maturity, the holders of the notes have the right to require the issuance of bonds in exchange for the notes, with the bonds maturing as amortization bonds, bearing interest at a rate, and secured over a term as provided in the resolution authorizing the issuance of the notes. If notes are validly issued under then applicable law, the political subdivision may issue bonds in a principal amount equal to the outstanding principal amount of the notes, regardless of any limitation in the then applicable law concerning the principal amount of the bonds.

History: En. Secs. 1, 2, Ch. 181, L. 1979; amd. Sec. 1, Ch. 512, L. 1985; amd. Sec. 2, Ch. 423, L. 1995.

Part 22

7-7-2201. Purposes for which general obligation bonds of a county may be issued. The board of county commissioners of every county of the state is hereby vested with the power and authority to issue, negotiate, and sell coupon bonds on the credit of the county, as more specifically provided in this part, for any of the following purposes:

(1) acquiring land for sites and grounds for a public building or buildings of any kind within the county and under its control, which the county has lawful

authority to acquire or erect, control, and maintain except that if the bonds are sold to fund a multicounty jail facility, funds so raised may be used in the county in which the multicounty jail facility is located;

(2) acquiring land for any other public use or activity within the county, under its control and authorized by law;

(3) constructing, erecting, or acquiring by purchase necessary public buildings within the county, under its control and authorized by law; making additions to and repairing buildings; and furnishing and equipping the same except that if the bonds are sold to fund a multicounty jail facility, funds so raised may be used in the county in which the multicounty jail facility is located;

(4) building, purchasing, constructing, and maintaining devices intended to protect the safety of the public from open ditches carrying irrigation or other water;

(5) enabling a county to liquidate its indebtedness to another county incident to the creation of a new county or the changing of any county boundary line;

(6) funding, paying, and retiring outstanding county warrants lawfully issued against the county general fund, road fund, bridge fund, or poor fund when:

(a) there is not sufficient money in the fund against which such warrants are drawn to pay and retire such warrants; and

(b) the levying of taxes sufficient to pay and retire such warrants within a period of 3 years would, in the judgment of the board, work a hardship and be an undue burden upon the taxpayers of the county.

History: En. Sec. 1, Ch. 188, L. 1931; re-en. Sec. 4630.1, R.C.M. 1935; amd. Sec. 1, Ch. 135, L. 1937; amd. Sec. 1, Ch. 136, L. 1963; amd. Sec. 12-102, Ch. 197, L. 1965; amd. Sec. 5, Ch. 100, L. 1973; R.C.M. 1947, 16-2008(part); amd. Sec. 5, Ch. 447, L. 1985.

(1) The board of county commissioners of every county of the state is hereby vested with the power and authority to issue, negotiate, and sell coupon bonds on the credit of the county, as more specifically provided in this part, for the purpose of funding, paying in full, or compromising, settling, and satisfying any judgment which may have been rendered against the county in a court of competent jurisdiction, including the repayment of tax protests lost by the county, when:

(a) there are not sufficient funds available to pay such judgment; and

(b) sufficient money cannot be raised to satisfy such judgment by an annual tax levy of 10 mills levied on all the taxable property within the county through a period of 3 years.

(2) The resolution providing for the issue of such bonds must recite the facts concerning the judgment to be funded and the terms of any compromise agreement which may have been entered into between the board and the judgment creditor.

7-7-2203. Limitation on amount of bonded indebtedness. (1) Except as provided in subsections (2) through (4), a county may not issue general obligation bonds for any purpose that, with all outstanding bonds and warrants except county high school bonds and emergency bonds, will exceed 11.25% of the total of the taxable value of the property in the county, plus the value provided by the department of revenue under 15-36-324(10), to be ascertained by the last assessment for state and county taxes prior to the proposed issuance of bonds, plus, for general obligation bonds to be issued during fiscal year 1997, an additional 11% of the taxable value of class eight property within the county for tax year 1995, for general obligation bonds to be issued during fiscal year 1998, an additional 22% of the taxable value of class eight property within the county for tax year 1995, and for general obligation bonds to be issued during fiscal years 1999 through 2008, an additional 33% of the taxable value of class eight property within the county for tax year 1995, in each case of class eight property, multiplied by 11.25%.

(2) In addition to the bonds allowed by subsection (1), a county may issue bonds that, with all outstanding bonds and warrants, will not exceed 27.75% of the total of the taxable value of the property in the county subject to taxation, plus the value provided by the department of revenue under 15-36-324(10), when necessary to do so, to be ascertained by the last assessment for state and county taxes, plus, for bonds to be issued during fiscal year 1997, an additional 11% of the taxable value of class eight property within the county for tax year 1995, for bonds to be issued during fiscal year 1998, an additional 22% of the taxable value of class eight property within the county for tax year 1995, and for bonds to be issued during fiscal years 1999 through 2008, an additional 33% of the taxable value of class eight property within the county for tax year 1995, in each case of class eight property, multiplied by 27.75%, for the purpose of acquiring land for a site for county high school buildings and for erecting or acquiring buildings on the site and furnishing and equipping the buildings for county high school purposes.

(3) In addition to the bonds allowed by subsections (1) and (2), a county may issue bonds for the construction or improvement of a jail that will not exceed 12.5% of the taxable value of the property in the county subject to taxation, plus the adjustments permitted by 7-7-2101.

(4) The limitation in subsection (1) does not apply to refunding bonds issued for the purpose of paying or retiring county bonds lawfully issued prior to January 1, 1932, or to bonds issued for the repayment of tax protests lost by the county.

7-7-2205. Nature of general obligation bonds. All bonds issued under the provisions of this part shall be legal and valid obligations of the county issuing the same, and the full faith and credit of such county are hereby irrevocably pledged for the prompt payment of both principal and interest thereof as the same become due.

7-7-2206. Term of general obligation bonds. (1) Bonds issued for any of the purposes designated in 7-7-2201(1) through (4) may not be for a longer term than 20 years.

(4) The length of the term required must be estimated and calculated by the board of county commissioners, based upon the percentage of valuation of the property upon which taxes are levied and paid within the county as ascertained from the last completed assessment for state and county taxes, taking into account probable changes in the taxable valuation and losses in tax collections. Irrespective of any miscalculation by the county commissioners in fixing the term of the bonds, the county shall from year to year make a sufficient tax levy to pay the interest and installments on principal on the bonds as the same fall due.

(5) For purposes of this section, the term of a bond issue commences on July 1 of the fiscal year in which the county first levies taxes to pay principal and interest on the bonds.

History: En. Sec. 4, Ch. 188, L. 1931; amd. Sec. 2, Ch. 115, L. 1933; re-en. Sec. 4630.4, R.C.M. 1935; amd. Sec. 3, Ch. 135, L. 1937; amd. Sec. 1, Ch. 33, L. 1943; amd. Sec. 6, Ch. 234, L. 1971; amd. Sec. 2, Ch. 284, L. 1973; R.C.M. 1947, 16-2011(part); amd. Sec. 1, Ch. 256, L. 1989.

7-7-2210. Amortization bonds. The term "amortization bonds", as used in this part, means that form of bond on which a part of the principal is required to be paid each time that interest becomes due and payable. The part payment of principal increases with each following installment in the same amount that the interest payment decreases, so that the combined amount payable on principal and interest is the same on each interest payment date. However, the payment on the initial interest payment date may be less or greater than the amount of other payments on the bond, reflecting the payment of interest only or the payment of interest for a period different from that between other interest payment dates. The final payment may vary in amount from the other payments to the extent resulting from rounding amounts in the other payments.

History: En. Sec. 5, Ch. 188, L. 1931; re-en. Sec. 4630.5, R.C.M. 1935; amd. Sec. 1, Ch. 112, L. 1961; R.C.M. 1947, 16-2012(part); amd. Sec. 3, Ch. 423, L. 1995.

7-7-2211. Serial bonds. The term "serial bonds", as used in this part, means a bond issue payable in annual installments commencing not more than

2 years from the date of issue, any one installment consisting of one or more bonds, with the principal amount of bonds maturing in each installment not exceeding three times the principal amount of the bonds maturing in the immediately preceding installment.

(2) Bonds issued under 7-7-2212 through 7-7-2215 may be known as "citizen bonds".

(3) Citizen bonds may be issued for any purpose for which a county may issue general obligation bonds.

(4) An officer, employee, contracted financial consultant, or contracted adviser employed or retained by a county selling citizen bonds may not purchase those bonds.

History: En. Sec. 1, Ch. 559, L. 1993.

(2) Prior to issuing citizen bonds, a county shall make available to interested investors:

(a) a preliminary official statement, a draft-form legal opinion from a recognized bond counsel, and a comparison to taxable yields at various income levels;

(b) application forms for the purchase of citizen bonds that must specify at a minimum:

(i) the time, date, and place that applications will be received, the manner in which applications will be processed, and the conditions under which the sale may be canceled if the issue is not fully subscribed during the application period;

(ii) the issue date, maturity dates, and the dates on which interest will be earned and paid;

(iii) the denominations of the bonds and the maximum amount of the bonds that one buyer may purchase;

(iv) the approximate yield on the bonds if held to maturity and the manner in which interest rates have been calculated; and

(v) the provision made for the transfer of ownership of outstanding bonds; and

(c) other information that the attorney general may require.

History: En. Sec. 2, Ch. 559, L. 1993.

7-7-2214. Citizen bonds — procedure when issue not fully subscribed. If an entire issue of bonds is not fully subscribed during the period of time that the county has set for the sale of the bonds, the citizen bonds may be sold in the manner permitted for other county general obligation bonds.

7-7-2215. Zero-coupon bonds and capital appreciation bonds. The terms "zero-coupon bonds" and "capital appreciation bonds", as used in this part, mean those forms of bonds that do not make periodic interest payments but, rather, are sold at a discount from their face value.

History: En. Sec. 4, Ch. 559, L. 1993.

7-7-2216 through 7-7-2220 reserved.

7-7-2221. Issuance of certain general obligation bonds without election. Bonds may be issued without submitting the same to an election if the bonds are issued for the purpose of:

(1) enabling a county to liquidate its indebtedness to another county incident to the creation of a new county or the changing of a county boundary line, as set forth in 7-7-2201(5); and

(2) funding, paying in full, or compromising, settling, and satisfying any judgment which may have been rendered against the county in a court of competent jurisdiction, as set forth in 7-7-2202 and 15-1-402.

History: En. Sec. 6, Ch. 188, L. 1931; re-en. Sec. 4630.6, R.C.M. 1935; amd. Sec. 4, Ch. 135, L. 1937; amd. Sec. 2, Ch. 33, L. 1943; R.C.M. 1947, 16-2013(part); amd. Sec. 5, Ch. 213, L. 1989.

7-7-2222. Procedure to issue bonds without election. (1) In order to issue bonds for any of the purposes referred to in 7-7-2221 and 7-7-2311, it shall only be necessary for the board of county commissioners, at a regular or duly called special meeting, to pass and adopt a resolution setting forth the facts in regard to the indebtedness to be paid or bonds to be refunded, showing the reason for issuing such bonds and fixing and determining the details thereof, and give notice of the sale thereof in the same manner that notice is required to be given of the sale of bonds authorized at an election and to then follow the procedure prescribed in this part for the sale and issuance of such bonds.

(2) All bonds sold without submitting the question of their issue to an election, as authorized in 7-7-2221 and 7-7-2311, shall be sold at open competitive bidding, but all sealed and written bids submitted for the purchase of such bonds shall be considered the same as open bids.

History: En. Sec. 6, Ch. 188, L. 1931; re-en. Sec. 4630.6, R.C.M. 1935; amd. Sec. 4, Ch. 135, L. 1937; amd. Sec. 2, Ch. 33, L. 1943; R.C.M. 1947, 16-2013(part).

7-7-2223. Election required for issuance of certain bonds. (1) County bonds for any purpose other than those enumerated in 7-7-2221 and 7-7-2311 may not be issued unless authorized at a special election held in conjunction with a regular or primary election or a general election at which the question of issuing the bonds is submitted to the registered electors of the county and approved as provided in 7-7-2237.

(2) A bond election may not be called unless the board of county commissioners:

Any and all installments of interest or principal on bonds held by the state and not promptly paid at the office of the state treasurer when due shall draw interest at the rate of 6% per annum from the date due until actually paid, irrespective of the rate of interest on the bonds themselves.

History: En. Sec. 28, Ch. 188, L. 1931; re-en. Sec. 4630.28, R.C.M. 1935; R.C.M. 1947, 16-2042(part).

7-7-2264. Statement as to amount of principal and interest due and payable on bonds. (1) Whenever any county has any issue or series of bonds outstanding and there are not sufficient funds on hand available for the payment of the full amount of the interest and principal thereof, the county treasurer of such county shall, between the first and fifth days of August in each year while such bonds or any thereof remain outstanding and unpaid, make out and deliver to the board of county commissioners of such county a statement.

(2) The statement required by subsection (1) shall show the amount required to be raised by tax levy during the then-current fiscal year for payment of interest and principal becoming due and payable during such fiscal year or within 90 days thereafter on each issue or series of bonds outstanding. If no part of the principal of any such issue or series of bonds will become due and payable within such time, then such statement shall show the amount required to be raised by tax levy during such year for payment of interest becoming due during such time and to place the proper amount in the sinking fund for the

payment of the principal of such bonds when they become due, as provided in 7-7-2265.

History: En. Sec. 24, Ch. 188, L. 1931; re-en. Sec. 4630.24, R.C.M. 1935; R.C.M. 1947, 16-2038.

7-7-2265. Tax levy for payment of bonds. (1) The board of county commissioners, at the time of making the levy of taxes for county purposes, must levy a separate and special tax upon all taxable property in the county for the payment of interest on and principal of each series or issue of bonds outstanding. The tax levy for any one series or issue of bonds must be entirely separate and distinct from the levy for any other series or issue of bonds.

(2) Except as provided in subsection (3), the levy made for the purpose of paying interest on and principal of each series or issue of bonds must be high enough to raise an amount sufficient to pay all interest on and so much of the principal, if any, of the bonds as will become due and payable during the then-current fiscal year or within 90 days after the fiscal year, as shown by the treasurer's statement provided by 7-7-2264. If no part of the principal of the bonds become due and payable within that time, then the tax levy must be high enough to:

(a) raise an amount sufficient to pay all interest that will become due and payable during the current fiscal year or within 90 days after the fiscal year; and

(b) place in the sinking fund for the issue or series of bonds, for the payment of the principal when it becomes due, an amount not less than a sum produced by dividing the whole amount for which the series or issue of bonds was originally issued by the number of years for which the series or issue was originally issued to run.

(3) The annual levies made for the purpose of paying off bonds that do not provide for periodic interest payments but, rather, are sold at a discount from their face value, as provided in 7-7-2212 through 7-7-2215, must be actuarially sufficient so that at the time for redemption, there is an amount in the sinking fund sufficient to redeem the bonds.

History: En. Sec. 25, Ch. 188, L. 1931; re-en. Sec. 4630.25, R.C.M. 1935; R.C.M. 1947, 16-2039; amd. Sec. 10, Ch. 559, L. 1993.

7-7-2266. Procedure in case of insufficient tax levy — individual liability of county commissioners. (1) If the board of county commissioners of any county shall fail, neglect, or refuse in any year to make a levy sufficient to pay the interest on and principal of any issue or series of bonds as required by the provisions of 7-7-2265, the holder of any bond of such issue or series or any taxpayer paying taxes on property situated in such county may apply to the district court of the county issuing such bonds for a writ of mandate to compel the board of such county to make a proper and sufficient levy for such purposes.

(2) If, upon the hearing of such application, it shall appear to the satisfaction of the court that the board has failed, neglected, or refused to make any levy whatever for such purposes or has made a levy but that the same is insufficient to raise the amount required to be raised for such purposes under the provisions of 7-7-2265, the court shall determine the amount of the deficiency and shall issue a writ of mandate directed to and requiring such

board, at the next meeting thereof for the purpose of making and fixing county levies, to raise the amount of such deficiency. This levy shall be in addition to the levy required to be made for the then-current fiscal year.

(3) Any costs which may be allowed or awarded the petitioner in any such proceeding shall be paid by the members of the board and shall not be a charge against such county.

7-7-2268. Redemption of bonds. (1) Whenever there is available money in any sinking and interest fund over and above the amount required for payment of principal and interest becoming due on the next interest payment date and sufficient to pay and redeem one or more outstanding bonds, or principal installments in the case of amortization bonds, of the issue or series to which the sinking and interest fund belongs, which bonds are not yet due but are then redeemable or will become redeemable on or before the next interest payment date, the county treasurer shall apply the available money in redemption of as many of the bonds, or principal installments in the case of amortization bonds, as the available money will pay and redeem to a redemption date on or before the next interest payment date, as fixed by the county treasurer.

(2) The county treasurer shall give notice, by mail sent at least 30 days before the redemption date, to the holder of the bonds, if ownership of the bonds is registered or is otherwise known to the treasurer, to the registered owners at their addresses as they appear in the bond registration books, and to any bank or financial institution at which the bonds are payable that the bonds or principal installments will be paid and redeemed on that date. A defect in or failure to give notice may not affect the validity of the proceedings for the redemption of a bond or principal installment not affected by the defect or failure. If the ownership of the bonds is not registered, the county treasurer shall also publish in the official newspaper of the county or other newspaper designated in the resolution authorizing the issuance of the bonds once, not less than 30 days prior to the redemption date, a notice that the bonds or principal installments have been called for redemption and will be paid in full on the redemption date. If actual notice of the call has been received, the holder of a bond may waive published or mailed notice.

(3) If the bonds or principal installments are payable at a bank or financial institution, the county treasurer shall remit to the bank or financial institution, before the redemption date, an amount sufficient to pay and redeem the bonds or principal installments with interest accrued on the bonds or principal installments. If the bonds are not presented for payment and redemption on the redemption date, interest ceases on that date if the funds for payment and redemption have been deposited in a bank or financial institution.

(b) (i) If the unexpired term of the bonds to be refunded shall be more than 10 years, the refunding bonds may be issued for such unexpired term.

(ii) If such 10-year term will require an annual tax levy for payment of such refunding bonds exceeding 10 mills on all property subject to taxation in the county, the term may be so extended as to reduce the required annual levy to 10 mills; provided, however, that the term shall not under any circumstances exceed 20 years.

(2) Bonds issued for any of the purposes designated in 7-7-2301(2) shall not be for a longer term than will be required to repay the bonds with interest through a tax levy of 10 mills on all the property within the county subject to taxation, and the term shall not exceed 20 years.

(3) The length of the term required shall be estimated and calculated by the board of county commissioners, based upon the percentage of valuation of the property upon which taxes are levied and paid within such county as ascertained from the last completed assessment for state and county taxes, taking into account probable changes in the taxable valuation and losses in tax collections. Irrespective of any miscalculation by the county commissioners in fixing the term of the bonds, the county must from year to year make a sufficient tax levy to pay the interest and installments on principal on the bonds as the same fall due.

(2) Refunding bonds may bear interest in excess of the rate on the refunded bonds if the issuance of the refunding bonds, including the total costs of refunding the bonds, results in a reduction of total debt service cost to the county.

(3) Refunding bonds may be issued in a principal amount greater than the principal amount of the outstanding bonds if there is a reduction of total debt service cost to the county.

7-7-4209. Amortization bonds. The term "amortization bonds", as used in this part, means that form of bond on which a part of the principal is required to be paid each time that interest becomes due and payable. The part payment of principal increases with each following installment in the same amount that the interest payment decreases, so that the combined amount payable on both principal and interest is the same on each interest payment date. However, the payment on the initial payment date may be less or greater than the amount of other payments on the bond, reflecting the payment of interest only or the payment of interest for a period different from that between other interest payment dates. The final payment may vary in amount from the other payments to the extent resulting from rounding amounts in the other payments.

(2) The statement required by subsection (1) shall show the amount required to be raised by tax levy during the then-current fiscal year for payment of interest and principal becoming due and payable during such fiscal year or within 90 days thereafter on each issue or series of bonds outstanding. If no part of the principal of any such issue or series of bonds outstanding or if no part of the principal of any such issue or series of bonds will become due and payable within such time, then such statement shall show the amount required to be raised by tax levy during such year for payment of interest becoming due during such time and to place the proper amount in the sinking fund for the payment of the principal of such bonds when they become due, as provided in 7-7-4204.

(1) The city or town council, at the time of making the levy of taxes for general city or town purposes, must levy a separate and special tax upon all taxable property in the city or town for the payment of interest and principal for each series or issue of bonds outstanding. The tax levy for any one series or issue of bonds must be entirely separate and distinct from the levy for any other issue or series of bonds.

(2) Except as provided in subsection (3), the levy made for the purpose of paying interest on and principal of each series or issue of bonds must be high enough to raise an amount sufficient to pay all interest on and so much of the principal, if any, of the bonds as will become due and payable during the then-current fiscal year or within 90 days thereafter, as such amount is shown by the treasurer's statement provided for by 7-7-4264. (3) The annual levies made for the purpose of paying off bonds that provide for no periodic interest payments but rather are sold at a discount from their face value, as provided in 7-7-4211 through 7-7-4214, must be actuarially sufficient so that at the time for redemption there is an amount in the sinking fund sufficient to redeem the bonds.

(1) If the council of any city or town shall fail, neglect, or refuse in any year to make a levy sufficient to pay the interest on and principal of any issue or series of bonds as required by the provisions of 7-7-4265, the holder of any bond of such issue or series or any taxpayer paying taxes on property situated in such city or town may apply to the district court of the county in which the city or town issuing such bonds is situated for a writ of mandate to compel the city or town council to make a proper and sufficient levy for such purposes.

(2) If, upon the hearing of such application, it shall appear to the satisfaction of the court that the city or town council has failed, neglected, or refused to make any levy whatever for such purposes or has made a levy but that the same is insufficient to raise the amount required to be raised for such purposes under the provisions of 7-7-4265, the court shall determine the amount of the deficiency and shall issue a writ of mandate directed to and requiring such city or town council, at the next meeting thereof for the purpose of making and fixing city or town levies, to make and fix a tax levy against all taxable property in such city or town sufficient to raise the amount of such deficiency. This levy shall be in addition to the levy required to be made for the then-current fiscal year.

(3) Any costs which may be allowed or awarded the petition in any such proceeding shall be paid by the members of the city or town council and shall not be a charge against the city or town.

(2) The city treasurer or town clerk shall notify the holder of the bond or bonds, if ownership of the bonds is registered or is otherwise known to the treasurer, the registered owners at their addresses as they appear in the bond registration books, and any bank or financial institution at which the bonds are payable, by mail sent at least 30 days before the redemption date, that bonds will be redeemed and paid on that date. A defect in or failure to give notice may not affect the validity of the proceedings for the redemption of a bond or principal installment not affected by the defect or failure. If the ownership of the bonds is not registered, the city treasurer or town clerk shall also publish in a newspaper of general circulation printed and published in the city or town and, if there is none, then in a newspaper of general circulation in the city or town printed and published in the county in which the city or town is situated a notice that the bond or bonds have been called for redemption and will be paid in full on the redemption date. The notice must be published once, not less than 30 days prior to the redemption date. If actual notice of the call has been received, the holder of a bond may waive published or mailed notice.

(3) If the bonds are payable at a bank or financial institution, the city treasurer or town clerk shall remit to the bank or financial institution, before the redemption date, an amount sufficient to pay and redeem the bonds. If the bonds are not presented for redemption and payment on the redemption date, interest ceases on that date if the funds have been deposited in the bank or financial institution.

No delay or omission of any bondholder or any trustee therefor to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein.

(c) Every substantive right and every remedy conferred upon the holders of refunding bonds may be enforced and exercised from time to time and as often as may be deemed expedient.

(3) In case any suit, action, or proceeding to enforce any right or exercise any remedy shall be brought or taken and then discontinued or abandoned or shall be determined adversely to the holder of the refunding bonds or any trustee therefor, then and in every such case the municipality and such holder or trustee shall be restored to their former positions and rights and remedies as if no such suit, action, or proceeding had been brought or taken.

7-12-2151. Assessment of costs. (1) To defray the cost of making or acquiring any of the improvements provided for in this part, including incidental expenses, the board of county commissioners shall assess the entire cost of the improvements against benefited lots, tracts, or parcels of land in the district, based upon the benefits received, and shall adopt one or any combination of the following methods of assessment for each improvement made or acquired for the benefit of the district:

(a) Each lot, tract, or parcel of land assessed in the district may be assessed with that part of the whole cost which its assessable area bears to the assessable area of all the benefited lots, tracts, or parcels in the district, exclusive of streets, avenues, alleys, and public places. For the purposes of this subsection (1)(a), "assessable area" means an area of a lot, tract, or parcel of land representing the benefit conferred upon the lot, tract, or parcel by the improvement. Assessable area may be less than but may not exceed the actual area of the lot, tract, or parcel.

(b) Each lot, tract, or parcel of land assessed in the district may be assessed with that part of the whole cost of the improvement based upon the assessed value of the benefited lots or pieces of land within the district, if the board determines the assessment to be equitable in proportion to and not exceeding the benefits received from the improvement by the lot, tract, or parcel.

(c) Each lot, tract, or parcel of land in the district abutting upon the street where the improvement has been made may be assessed in proportion to its lineal feet abutting the street.

(d) Each lot, tract, or parcel of land in the district may be assessed an equal amount based upon the total cost of the improvement.

(e) Each lot, tract, or parcel of land in the district served by a utility connection may be assessed an equitable lump sum for the connection based on the bid price in the applicable contract.

(2) The board may use one or any combination of methods of assessment in a single special improvement district and, if more than one improvement is undertaken, need not assess each lot, tract, or parcel in the district for the cost of all the improvements.

(3) The board in its discretion may pay the whole or any part of the cost of any street, avenue, or alley intersection out of any funds in its hands available for that purpose or to include the whole or any part of the costs within the amount of the assessment to be paid by the benefited property in the district.

7-12-2171. Details relating to rural improvement district bonds and warrants — definitions of bond forms. (1) The bonds and warrants shall be drawn against either the construction or maintenance fund created for the special improvement district and shall bear interest from the date of registration until called for redemption or paid in full. The interest shall be payable annually or semiannually, at the discretion of the board of county commissioners, on the dates the board prescribes. The warrants or bonds shall bear the signatures of the chairman of the board and the county clerk and shall bear the corporate seal of the county. They shall be registered in the office of the county clerk and the county treasurer, and if interest coupons are attached to the warrants or bonds, they shall also be registered and shall bear the signatures of the chairman of the board and the county clerk. The coupons may bear the facsimile signatures of the officers in the discretion of the board.

(2) The bonds shall be in denominations of $100 or fractions or multiples thereof, may be issued in installments, and may extend over a period not to exceed 30 years; except that if federal loans are available for improvements, repayment may extend over a period not to exceed 40 years. For the purposes of this subsection, the term of a bond issue commences on July 1 of the fiscal year in which the county first levies to pay principal and interest on the bonds.

(3) All special improvement district bonds must be amortization bonds unless, in the judgment of the board, serial bonds will be more advantageous to the district and can be sold at a comparatively reasonable rate or rates of interest.

(4) As used in this part, unless the context clearly indicates otherwise, the following definitions apply:

(a) "Amortization bonds" means the form of bonds on which:

(i) a part of the principal must be paid each time interest becomes payable;

(ii) the part payment of principal increases at each installment in the same amount that the interest decreases;

(iii) the combined interest and principal due on each due date remains the same until the bonds are paid;

(iv) the final payment may vary from prior payments in the amount resulting from disregarding fractional costs in prior payments; and

(v) the initial payment may be larger than subsequent payments if the increase represents interest accrued over an additional period not greater than 6 months.

(b) "Serial bonds" means a bond issue payable in annual installments commencing not more than 2 years from the date of issue, any one installment consisting of one or more bonds, with the principal amount of bonds maturing in each installment not exceeding five times the principal amount of the bonds maturing in the immediately preceding installment.

(a) shall, if the bonds or warrants are secured by the revolving fund pursuant to 7-12-2185, include in the cost of the improvements to be defrayed from the proceeds of the bonds or warrants an amount equal to 5% of the principal amount of the bonds or warrants to be issued as provided in 7-12-2153(2);

(b) may, from time to time, transfer to the revolving fund from the general fund of the county an amount as may be necessary. The amount transferred is a loan from the general fund to the revolving fund.

(c) shall, in addition to a transfer or transfers from the general fund or in lieu of a transfer, levy for the revolving fund a tax, declared to be for a public purpose, on all taxable property in the county as is necessary to meet the financial requirements of the revolving fund. A tax may not be levied if the balance in the revolving fund exceeds 5% of the principal amount of the then-outstanding rural special improvement district bonds and warrants secured by the revolving fund. If a tax is levied, the tax may not be an amount that would increase the balance in the revolving fund above 5% of the then-outstanding rural special improvement district bonds and warrants secured by the revolving fund.

(2) Whenever there is money in the district fund that is not required for payment of any bond or warrant of the district secured by the revolving fund or of interest on the bond or warrant, as much of the money as may be necessary to pay the loan provided for in 7-12-2183 must, by order of the board, be transferred to the revolving fund and the balance of the money or, if there is no outstanding loan, as much of the money as the board considers necessary may be transferred to the improvement district's maintenance fund. (3) After the adoption of the required resolution or resolutions, the board may:
(a) sell the refunding bonds at a private negotiated sale; or

(1) Except as provided in subsection (2), to defray the cost of making or acquiring any of the improvements provided for in this part, including incidental expenses, the city council or commission shall adopt one of the methods of assessment, where applicable, provided in 7-12-4162 through 7-12-4165 for each improvement to be made or acquired for the benefit of the district.

(2) The city council may use one or any combination of methods of assessment in a single special improvement district, and if more than one improvement is undertaken, each lot or parcel of land in the district need not be assessed for the cost of all the improvements.

For the purposes of this subsection, "assessable area" means an area of a lot or parcel of land representing the benefit conferred on the lot or parcel by the improvement. Assessable area may be less than but may not exceed the actual area of the lot or parcel.

(b) The council or commission, in its discretion, shall have the power to pay the whole or any part of the cost of any street, avenue, or alley intersection out of any funds in its hands available for that purpose or to include the whole or any part of such costs within the amount of the assessment to be paid by the benefited property in the district.

(c) In order to equitably apportion the cost of any of the improvements herein provided for between that land within the district which lies within 25 feet of the line of the street on which the improvement is to be made and all other benefited land within the district, the council or commission may, in the resolution creating any improvement district, provide that the amount of the assessment against the property in such district to defray the cost of such improvements shall be so assessed that each square foot of land within the district lying within 25 feet of the line of the street on which the improvements therein provided for are made shall bear double the amount of cost of such improvements per square foot of such land that each square foot of any other benefited land within the district shall bear.

(2) The city council or city commission may assess the cost of an improvement against each lot or parcel of land in the district based on the assessed value of the benefited lots or parcels of land within the district if the council or commission determines such assessment to be equitable and in proportion to and not exceeding the benefits derived from the improvement by the lot or parcel.

(3) The city council or city commission may assess each lot or parcel of land in the district an equal amount based upon the total cost of the improvement.

7-12-4203. Details relating to special improvement district bonds and warrants — definitions of bond forms. (1) The bonds and warrants shall be drawn against the special improvement district fund created for the district and shall bear interest from the date of registration until called for redemption or paid in full. The interest shall be payable annually or semiannually, at the discretion of the governing body of the municipality, on the dates the governing body prescribes. The warrants or bonds shall bear the signatures of the mayor and clerk and shall bear the corporate seal of the city. They shall be registered in the office of the clerk and treasurer, and if interest coupons are attached to the warrants or bonds, they shall also be registered and shall bear the signatures of the mayor and clerk.

(2) The bonds shall be in denominations of $100 or fractions or multiples thereof, may be issued in installments, and may extend over a period not to exceed 20 years or, if refunding bonds are issued pursuant to 7-12-4194, over a period ending not later than 30 years after the date the bonds to be refunded were issued. For the purposes of this subsection, the term of a bond issue commences on July 1 of the fiscal year in which the city first levies assessments to pay principal and interest on the bonds.

(3) All special improvement district bonds must be amortization bonds unless, in the judgment of the city council, serial bonds will be more advantageous to the district and can be sold at a comparatively reasonable rate or rates of interest.

(4) As used in part 41 and this part, unless the context clearly indicates otherwise, the following definitions apply:

(a) "Amortization bonds" means the form of bonds on which:

(i) a part of the principal must be paid each time interest becomes payable;

(ii) the part payment of principal increases at each installment in the same amount that the interest decreases;

(iii) the combined interest and principal due on each due date remains the same until the bonds are paid;

(iv) the final payment may vary from prior payments in the amount resulting from disregarding fractional costs in prior payments; and

(v) the initial payment may be larger than subsequent payments if the increase represents interest accrued over an additional period not greater than 6 months.

(b) "Serial bonds" means a bond issue payable in annual installments commencing not more than 2 years from the date of issue, any one installment consisting of one or more bonds, with the principal amount of bonds maturing in each installment not exceeding five times the principal amount of the bonds maturing in the immediately preceding installment.

7-12-4204. Procedure to issue bonds and warrants. (1) The city or town council shall sell bonds or warrants issued under the provisions of 7-12-4201, in an amount sufficient to pay that part of the total cost and expense of the improvements that is to be assessed against benefited property within the district, to the highest and best bidder for cash at a price, including interest to date of delivery, not less than that prescribed by the city council in the resolution calling for the sale of the bonds or warrants. The city council may fix the minimum price for the bonds or warrants in an amount less than face value if it determines that the sale is in the best interests of the district and the city.

(2) The bonds or warrants may be sold at a private negotiated sale to the United States or the state of Montana or to an agency, instrumentality, corporation, or department of the state.

(3) In all other cases, the provisions of 7-7-4251, 7-7-4252, and 7-7-4254 with regard to the notice of sale, publication of notice, and manner and method of selling bonds by cities and towns, insofar as the same are applicable and not in conflict with the provisions of this section and 7-12-4205, apply to, govern, and control the form of notice of sale, publication of notice, and manner and method of selling the bonds or warrants.

The council or commission of any city or town which has heretofore created or may hereafter create any special improvement district or districts for any purpose may in its discretion create, establish, and maintain by ordinance a fund to be known and designated as the special improvement district revolving fund in order to secure prompt payment of any special improvement district bonds or sidewalk, curb, and alley approach warrants issued in payment of improvements made therein and the interest thereon as it becomes due. 7-12-4222. Sources of money for revolving fund. (1) For the purpose of providing funds for the revolving fund, the city or town council:

(a) may, from time to time, transfer to the revolving fund from the general fund of the city or town an amount as may be necessary. The amount transferred is a loan from the general fund to the revolving fund.

(b) shall, if the bonds or warrants are secured by the revolving fund pursuant to 7-12-4225, include in the cost of the improvement to be defrayed from the proceeds of the bonds or warrants an amount equal to 5% of the principal amount of the bonds or warrants as provided in 7-12-4169; and

(c) shall, in addition to a transfer or transfers from the general fund or in lieu of a transfer, levy for the revolving fund a tax, declared to be for a public purpose, on all taxable property in the city or town as is necessary to meet the financial requirements of the revolving fund. A tax may not be levied if the balance in the revolving fund exceeds 5% of the principal amount of the then-outstanding special improvement district bonds and warrants secured by the revolving fund. If a tax is levied, the tax may not be an amount that would increase the balance in the revolving fund above 5% of the then-outstanding special improvement district bonds and warrants secured by the revolving fund.

(2) Whenever there is money in the district fund that is not required for payment of any bond or warrant of the district secured by the revolving fund or of interest on the bond or warrant, as much of the money as may be necessary to pay the loan provided for in 7-12-4223 must, by order of the council, be transferred to the revolving fund. After all the bonds and warrants issued on any special improvement district or sidewalk, curb, and alley approach warrants secured by the revolving fund have been fully paid, all money remaining in the district fund must, by order of the council, be transferred to and become part of the revolving fund.

(2) The undertakings and agreements referred to in subsection (1) are binding upon the city or town with respect to the special improvement district bonds or sidewalk, curb, and alley approach warrants until the earlier of:

(a) the date on which all bonds or warrants of the issue and interest on the bonds or warrants have been fully paid or discharged in a bankruptcy case in which the special improvement district is the debtor; or
